Wilson is Sure to Make More Peace Move on the Arrival of Note

WE WILL NOT YET CHARGE OF "LEAKAGE" PEACE NOTE TO BE INVESTIGATED

AVOID DIRECT ENDORSE-
MENT BY PASSING GALLINGER
LEGATION WHICH EXPRESS-
ES OF ENDING WAR.

(The Associated Press.)

WASHINGTON, Jan. 4.—President Wilson is sure to make more peace moves after he receives the note to the Entente powers today. It is indicated that no final decision as to the next step has been reached.

Throughout diplomatic circles it is important developments in the peace negotiations are being followed with keen interest. Although the administration is anxious to remain silent, official reports after his talk with the German ambassador, it is believed that the note will be transmitted in the next few days.

Mr. House, a close advisor of the president, is believed to be at length in agreement with the president and others though no final decision has been reached. The note is believed to be a peace note. During the debate on the note, the German ambassador, Herr von Bernstorff, is believed to have been present.

Mr. Lodge admitted he was not in the provision code of laws passed by the senate. He said he was sure that the note was aimed to help Germany in the peace terms she demands.

SHIPS HAVE BEEN SUNK
ON THE OPENING OF WAR

(Associated Press Correspondence.)

Dec. 4.—A total of 1,290 vessels with an aggregate tonnage of 2,910,000 have been sunk since the outbreak of the war, according to reports from the Japanese navy. The tonnage of ships sunk by the Japanese navy has been 12,000 tons, making a total of 2,922,000 tons. Since the outbreak of the war Japan's maritime trade has been greatly increased, and the tonnage of "tramp" ships now trading to America, India, etc., is put at 800,000 tons. This shows a five-fold increase since the outbreak of the war.

OVERPOWERING NAT'L DEBT PILED UP BY WAR

(The Associated Press.)

WASHINGTON, Jan. 4.—The national debt of Great Britain, France, Russia, Germany and Austria-Hungary has increased forty-nine billion, four hundred and fifty-five millions of dollars from the beginning of the war to the latter part of 1916, according to an estimate of the Federal Reserve board. The Austria-Hungary estimate, however, is extended only to May, 1916. The Entente nations' debt has increased twenty-nine billion.

BUSINESS ACTIVITY IN U. S. CONTINUES

ATLANTA DISTRICT BOASTS PLENTY OF MONEY PLUS GENERAL OPTIMISM — RICHMOND DISTRICT ALSO PROSPEROUS.

(The Associated Press.)

WASHINGTON, Jan. 4.—Business activity continued at a high level throughout the country during the last month according to summary of the Federal Reserve banks issued by the Federal Reserve board. It is understood conditions in the Atlanta district have changed but little. "There is an abundance of money," says the report, "and a confident feeling that prosperous times will continue." The Richmond district reports a continuance of a full tide of prosperity.

(The Associated Press.)

CHICAGO, Jan. 4.—There were 312 homicides and 592 suicides here during the year of 1916, according to the coroner's reports. Nine hundred and twenty-nine persons perished in street-car, automobile, train and other accidents.

HARVARD-YALE MEN STUDY OLD RUINS

(Associated Press Correspondence.)

GUATEMALA CITY, Guatemala, Dec. 4.—The ruins of Antigua, the old capital of Guatemala, which are said to antedate the Egyptian era, are being studied by separate expeditions of archaeologists from Harvard university and Yale. Antigua is the most ancient city of Central America, and was destroyed by a volcanic disturbance which, according to evidences, killed all the inhabitants by pouring scalding water upon them.

20,000 EMIGRANTS TRAVEL ON JAP. LINE

(Associated Press Correspondence.)

TOKIO, Dec. 2.—The Nippon Yusen Kaisha, Japan's largest steamship company, has concluded an agreement with the South American Emigration union for the transportation of 20,000 Japanese emigrants to South America within four years from 1917. The company has also decided to open a regular quarterly service between Japan and South America with ships of about 6,000 tons each. They will proceed by way of South Africa, but the homeward bound route has not yet been selected.

Baron Kondo, president of the company, which has just declared a dividend of 25 per cent, issues a warning that the current shipping boom will be greatly changed after the war when all the ships now used as military transports return to the carrying trade. In the meantime he declared the great increase in the cost of coal and other necessities would cut heavily into shipping profits. During the last six months the company, which owns 99 steamers and has ten others under charter, has transported a cargo of approximately 2,470,000 tons and more than 137,000 passengers.

Russians Suffer Severe Loss--Will be Forced to Soon Abandon Dobrudja

BELGIANS DESCRIBE TEUTON ATROCITIES

STARVING VICTIMS RETURNED
TO HOMES IN CATTLE CARS
AFTER TERRIBLE EXISTENCE
ON KITCHEN REFUSE.

(The Associated Press.)

THE HAGUE, Jan. 4.—Deported Belgians invalided home from camp at Soltau, Prussia, in the first report directly received, declared the food they had been forced to eat was such that strong men became weak and weak men ill. Many suffered so greatly from hunger they crept into kitchens and collected peelings and refuse to keep them alive.

According to the report the Belgians were hustled back to their homes because they had reached almost a dying condition. Seventy were herded into a single cattle car attached to a freight train.

Y. M. C. A. PUSHES WORK TO FIRST LINE TRENCHES

(Associated Press Correspondence.)

PARIS, Dec. 4.—The Young Men's Christian association has pushed its work right up to the battle lines. The refreshment dugout, where hot drinks are served out to the men, is now often so near the enemy that great precautions have to be taken lest it should be discovered. Some of these dugouts are in the debris of recently captured positions. One of them is so near a very vital point that when the wounded were carried past to the dressing station a short time ago the Y. M. C. A. was able to serve them with tea and cocoa.

BRITISH TICKET FRAUDS INCREASE 100 PER CENT

(Associated Press Correspondence.)

LONDON, Dec. 4.—In reporting an increase of more than one hundred per cent in ticket frauds by passengers since the war began, the Great Western Railway magazine says the chief offenders are women and girl munition workers. This year one railway company alone has prosecuted five hundred and thirty persons for fraud.

36 JAPANESE TRAWLERS SOLD TO ENTENTE ALLIES

(Associated Press Correspondence.)

TOKIO, Dec. 4.—Up to the present some thirty-six trawlers have been sold by Japan to the Entente allies. They are being used in war against enemy submarines.

SUCCESS CLAIMED IN CARPATHIAN DISTRICT

CZAR'S SOLDIERS STILL HOLD
BRILA WEST OF DANUBE BUT
ARE HARD PRESSED—EXPECTED
TO FALL BACK.

(The Associated Press.)

The loss of Matchin makes it appear doubtful whether or not the Russians will be able to retain their remaining footing in Dobrudja.

The latest dispatches from the Entente powers indicate the expectation that Russia will probably be forced to abandon it. The czar's troops still hold Braila, west of the Danube but it is considered doubtful whether they can hold out much longer.

The dispatches stated, however, that the prolonged defense of the city has given the soldiers time to remove practically all valuable stores, provisions and war material. The Russian Rumanian defense of the western Moldavian frontier seems firmer. Petrograd claims numerous and decisive successes in the region south of Botochu mountain in the wooded Carpathians. No important operations are reported along the remaining fronts.

WAR TO DO AWAY WITH ALL PRIVATE MEDICAL PRACTICE

(Associated Press Correspondence.)

LONDON, Dec. 4.—That private practitioners in the medical profession will be practically non-existent before the end of the war and all patients will have to go to infirmities to be treated was the opinion expressed at the annual meeting of the Glasgow Victoria infirmary.

The Lancet says: "There must come a day, if the war is indefinitely prolonged, when the necessary economy of medical men can only be obtained by mobilization of the whole of the available supply, so that calls can be made upon individual services when and where required. It has long been felt that some such step might be taken and we believe that the general opinion of the medical profession, judging by the correspondence that comes to us, is in a similar direction."

JAPANESE AMBASSADOR TO U. S. TO GO TO RUSSIA

(Associated Press Correspondence.)

TOKIO, Dec. 4.—Viscount Yasuya Uchida, former Japanese ambassador to Washington, has been designated as ambassador to Russia, in succession to Viscount Ichiro Motono. The latter was recently appointed minister for foreign affairs.

TWO NEW STEAMSHIP LINES TO USE THE PANAMA CANAL

(Associated Press Correspondence.)

PANAMA, Dec. 22.—Two new lines started the use of the Panama canal on December 19. The "Waimana" of the line operated by Shaw, Savill and Albion, Ltd., of London, bound for London from Australia, is the first of the fleet, all of which will make their homeward voyages by way of the canal; and it is possible that they will use the canal on their outward voyages, instead of going by way of the Cape of Good Hope. The other ship was the "Rocpat," first of the fleet of the newly established New York-Java line.

ALLANDALE

ALLANDALE, Jan. 1.—Mrs. L. W. Busk and sister, Mrs. B. Wood Logan, arrived Monday evening from New York. Mrs. Logan has so far recovered from a serious accident of last summer that she is able to travel. She still uses crutches but hopes that the bright sunshine and fine weather will help her.

The song service at the club house Sunday was not so well attended as usual but those who did go were treated to a fine talk by Rev. H. G. Fishman who gave a New Year's address. These services are a great help to those who attend. There is always a welcome to everyone.

The Christian Science church will now have services every Sunday morning at 11 o'clock. The public is invited to attend.

The Allandale Improvement association held its annual meeting Tuesday evening and elected officers for the ensuing year. A. O. Hicks was re-elected president, D. N. Fisher was elected vice president, J. W. Risenman, secretary and Mrs. A. C. Hicks, treasurer. On the board of trustees, J. McCrorey and Capt. Postard were re-elected for three years and Mrs. J. H. C. Howe elected as a new member. The association is in a prosperous condition and is ready to do good things for the place. Many new members are coming in from among the visitors. Some of the books for the library have been unpacked and are at the club house, ready for issue to members every Saturday afternoon from 3 to 4.

The Amador family arrived Sunday and is located in the Fisher cottage on Katherine street. Mr. and Mrs. J. McCrorey are expected to arrive soon to stay for the remainder of the winter. They will be welcomed by all.

The Child bungalow has been rented for the season to Dr. Harry Lewis and family of New York city, who are expected to arrive in a few days.

Rev. H. G. Fishman is not alone a fisher of men and fish, but of hogs as well. Not that he wanted a hog, so it could be noticed, but he brought home a fine string of fish one evening recently and hung them on the back porch. During the night he heard a commotion and when he went out he found that a hungry razorback had heard of the fish through the intelligence of his nose and had found a way up the porch steps. On his way

however the hog became wedged in between some boxes and could not get out. Regardless of this he had got the fish and it is supposed a five-gallon can of kerosene oil which had disappeared, as well as a mess of potatoes. Every effort to turn the hog loose was of no avail. He remained fast till morning when the owner was located and removed his porker.

Allandale is much in need of police protection, as thieves frequently raid the orange grove lots. Efforts are being made to have a deputy sheriff appointed for this section, a man that lives here and will look after the petty thieves and have an eye on houses during the summer. Captain Rusk's house was entered three times last summer and some valuable articles were carried off, among which was a valuable shot gun.

The ladies are planning several social affairs for the near future. Notice will be given later just what the affairs will be. Whatever the ladies do will be worth while as they know how to entertain.

UNNECESSARY TRAVEL TO BE PROHIBITED ON GERMAN RYS.

(Associated Press Correspondence.)

LONDON, Dec. 30.—The prohibition of all unnecessary railroad traveling in Germany is likely to be followed shortly by similar measures in the adjacent countries. Such a prohibition has for some time been under consideration in England, and the board of trade a few weeks ago issued an appeal which was regarded in many circles as a preliminary to restrictive legislation. The appeal urged in emphatic terms that every person proposing to travel by train should consider whether the journey is really necessary.

The military authorities have declared that still more men must be released from the railways for army service. This will inevitably mean some reduction of work and the only economies which appear possible, according to the railway managers, are connected with the passenger train service and in securing greater expedition on the part of shippers in handling freight traffic.

SUN BROTHERS' SHOWS IN DAYT'NA TOMORROW

The Sun Brothers' shows which appear here tomorrow have visited Daytona a number of times in the past and have always been popular with the residents of this city and vicinity. This year the shows are said to be greatly increased in size and have almost an entirely new line of acts in all departments. Among the new attractions offered this year is a herd of dancing elephants which give some marvelous exhibitions, evidencing "Tango Bill," which appears in every performance under the instruction of Mlle. Kleland, well known New York horsewoman.

Sun Brothers' shows bear the reputation of being clean and moral and free from all objectionable features. On the other hand, many novel exhibitions have been added to the various performances, several of the best of which are given outside the tents, without charge to the public. A full and complete performance will be given both in the afternoon and at night.

STUFFED TURKEY

BREAD STUFFING.—Prepare stuffing by taking pieces of dry bread fully three or four days old. Place in a pan and pour on a very little boiling water; cover, let stand until soft, add pepper and salt to suit taste. Cut in fine pieces four or five outside pieces of celery and about seven or eight good sized leaves of parsley and one-half teaspoonful of thyme.

Swedish Dressing.—Grate stale bread to the amount of one quart and moisten with one well beaten egg, three tablespoonfuls of cream and a cupful of melted butter; then add a level teaspoonful of salt, a saltspoonful of white pepper, two tablespoonfuls of minced parsley and a teaspoonful each of thyme, of sage and of cinnamon. When thoroughly blended stir in a large cupful of well cleaned currants.

Mexican Stuffing.—Soak one-fourth loaf of bread in one quart of milk. Add three eggs, one-half cupful of butter, a little salt and nutmeg and one cupful of blanched almonds, chopped. Beat well and bake as you would a cake. Use this as a stuffing for turkey.

Liver and Mushroom Stuffing.—Cover one pound of calves' liver with white stock and simmer for three-quarters of an hour. When cold add grated liver and mix with a pint of broiled mushrooms, adding half a cupful of cream sauce, a dash of cayenne, a saltspoonful of mace and a scant teaspoonful of salt.

Potato Stuffing.—Two cupfuls hot mashed potatoes, one and a quarter cupfuls breadcrumbs, one-third cupful butter, one egg, one teaspoonful salt, one teaspoonful sage, one-quarter cupful finely chopped fat salt pork, one finely chopped onion. Add to the potatoes the other ingredients in the order in which they are given.

"THE TRAVELING SALESMAN"

AT THE CRYSTAL THEATRE
Frank McIntyre, celebrated comedian, makes his first appearance on the motion picture screen in the Famous Players' adaptation of his greatest stage success "The Traveling Salesman," which is the Paramount Picture at the Crystal tomorrow.

Because a Pullman porter fails to eject him from his berth in the morning, Bob Blake, a traveling salesman, is carried past his station on Christmas morning and finds himself in Grand Crossing—whatever or wherever that is. The most interesting sight in that town is the pretty face that smiles at Blake through the window of the telegraph office at the station. Blake is rotund, jovial and trustworthy in appearance and it is not long before he melts the natural reserve of Beth Elliott.

During the course of an impromptu luncheon in the station, Blake learns that Beth's old home is to be sold for taxes on the following day. He later gathers the information, from Beth's friend, Mrs. Babbitt, that the girl has been allowing a Mrs. Stratton to live in the house without paying her any rent ever since the woman had her little store sold over her head by Martin Drury, the local capitalist.

By this time Blake has become violently interested in Beth and through the medium of a poker game and many applications of "Scotch tea," learns that Royce, a henchman of Drury's is going to buy in the Elliott place because Drury has a tip that the railroad is going to want the property and that it can be sold for a high price. His antagonism to Royce is heightened by a spice of jealousy—for Royce makes love to Beth very openly.

Discovering that Royce is to start to drive for the county seat very early in the morning, Blake has one of his friends put him to bed and then gets into the rig in his place. Royce, awakening from the effects of too much "tea," makes a violent dash for the livery stable and finds a small car there which he appropriates and starts in pursuit of Blake. There is a wild race in which the car is overturned and Blake succeeds in reaching the court house in time to pay up the taxes in Beth's name.

Beaten at his game, Royce returns at once and tells Beth that her drummer friend has attempted to steal her property from her and then persuades her to sell the property to him for \$5,000. The girl accepts the check and then Blake dashes in to explain the whole affair, and tears up the check. But Royce has one more trump card—he gets Beth out to the Elliott place and, locking the doors, declares that he will not let her go until she accepts the check. After a desperate struggle with Royce, Blake succeeds in freeing the girl and all ends happily.

"BOUGHT AND PAID FOR"

NEW DAYTONA ATTRACTION

Virginia Blaine, a sweet, lively young girl, on the death of her beloved mother, is thrown on her own resources with no one except a married sister to turn to for help and consolation. She secures a position as telephone operator at a fashionable club and here attracts the attention of Robert Stafford, a self-made millionaire. Stafford is a strong, handsome bachelor possessed of the usual virtues and faults of his class. When he sees that Virginia is not to be won by dinners and jewels, he falls in love and ardently courts her. Virginia is strongly attracted to this man of the wild, so different from the uncouth Gilley, she had known, but because of this very difference, the wide gulf between their social positions, and most of all, because of Stafford's love of drink, she fears to marry him. However, his pleas finally win her over and heartily congratulated by her sister and brother-in-law, she is married to the millionaire.

Every luxury which a husband can shower upon a wife he showers upon her. A beautiful home, a yacht, a box at the opera, automobiles, trips abroad. He even takes the happy-go-lucky James Gilley, her brother-in-law, into his office, paying him a salary entirely out of proportion to his ability, just to please his wife. But in spite of all these attentions, a growing spirit of discontent gnaws at her

heart strings. She loves her husband, it is true, for he is invariably attentive and affectionate. But of late he has succumbed to a habit of drinking to excess, and at such time he has given evidence of a growing disposition to degrade her, which fills her with shame and dismay. Sober, he is a courteous, considerate gentleman; drunk, his usual calm dignity gives way to a spirit of exultation, of amiable and genial humor, which lasts as long as he can have his way; but the moment he is crossed in his desires the dictatorial and domineering character of the man, so successfully concealed when sober, is displayed, and he will stop at nothing to have his way.

Events leads to events until the crucial moment arrives, then—see the picture at the New Daytona theatre Thursday for the result.

ABIGAIL BARTHOLOMEW CHAPTER MEETS WITH MRS. T. W. CHAMBERLAIN ON WEDNESDAY AFTERNOON.

The regular monthly meeting of the Abigail Bartholomew chapter of the Daughters of the American Revolution, met at the home of Mrs. T. W. Chamberlain, on Ocean avenue, Seabreeze, for a very delightful afternoon. A goodly number of the 35 members were present for the meeting in the attractive Chamberlain bungalow which was patriotically decorated for the occasion.

During the business hour the delegates to the state meeting of the D. A. R. which will be held in Deland, on February 1 and 2, were appointed as follows: Mrs. A. T. Bigelow, Mrs. C. H. Raynor and Miss Kathryn Thorp, with their alternates, Mrs. T. W. Chamberlain, Mrs. J. D. Maley and Mrs. H. H. Thorp.

At the close of the business session, Mrs. J. D. Maley read an excellent paper on "The Origin of the D. A. R. Society," which proved interesting to all. The program was further enhanced by the singing of two beautiful solos by Mrs. I. W. Ramsey.

Toward the close of the afternoon, tasteful refreshments were served by the hostess on rare old china, which she possesses. These eatables consisted of fruit salad, cake and Vermont maple sugar candy. After partaking of them the ladies left for their respective homes.

SOUTH AFRICAN TROOPS GAINING DISTINCTION

(Associated Press Correspondence.)

WITH SOUTH AFRICAN CONTINGENT OF BRITISH ARMIES IN FRANCE, Dec. 10.—South African troops—men from the mines and farms of the gold country—are now serving their first winter in the field in France and are distinguishing themselves with many deeds of daring and valor. Some of them fought against Britain in the Boer war, and among them there are several Americans who had made homes in the African mining fields. One of the most thrilling exploits of the South Africans was the recent act of a young subaltern. During a night operation he became separated from his company and found himself inside the German lines. After a time he picked up six more men of his company who had become similarly detached. When dawn came the little group found itself practically surrounded by Germans. The young subaltern found that his rifle and those of his comrades had become so clogged with mud that they wouldn't work, but he drew his revolver and as the first German approached he shot him dead. A German sergeant who started forward was also killed, and as daylight came two of the subaltern's companions got their rifles working and succeeded in killing 12 members of the surrounding party and capturing twenty-two. Forming their German prisoners into a ring, the South Africans got inside of the circle and deliberately marched their prisoners over the German first lines and all got home safely amid great jubilation among their comrades.

OFFICIAL BAN ON OPEN AIR RELIGIOUS MEETINGS

(Associated Press Correspondence.)

TOKIO, Dec. 4.—An official ban has been placed on open-air meetings in Ueno Park for the propagation of religion. Soroku Ebara, a Japanese Christian and a member of the house of peers, has lodged a protest with the police saying that Christian evangelization work had been going on in the park since 1889, but the authorities reply that they can not show discrimination in favor of Christianity. They declare that the abuse of the privileges by propagandists of suspicious doctrines necessitated the measure.

RETIRING BOARD OF CO. COMMISSIONERS CONCLUDES BUSINESS

The retiring board of county commissioners of Volusia county held its final meeting in DeLand Monday night and Tuesday morning, the following being the official proceedings with the exception of final settlement with the retiring tax collector, D. P. Smith, which was the last business transacted and will be published later.

Board met as per adjournment. All members present.

Minutes of last meeting were then read and approved.

The following road and bridge reports were then submitted.

Districts Nos. 1, 2 and 4: Minor repairs.

District No. 3: Reported completion of shell road at Pierson and repairs to old Pierson shell road. Also one and one-half miles pine straw laid on Clifton-DeLeon road and one and one-quarter miles pine straw laid on Barberville-Clifton road and other minor repairs.

District No. 5: Reports no agreement on work on Shiloh road; progress on expenditure of \$200 appropriation on Coronado road and no agreement on settlement with J. E. Pell on Osteen road.

On motion the road superintendent's report for the month of December was read and ordered spread upon the minutes, as follows:

I beg to report road and bridge work for the past month as follows: Rebuilt bridge at flat ford on Tomoka-Indian Springs road. Repaved grade and built two extra bridges where road was washed out, doing this work with convicts. Made such repairs to east nine miles of Daytona-DeLand road as was possible, using convict labor and three days double team. Repaired Port Orange-DeLand road through hammock, using convicts. Could not finish on account of rain. Chopped in ruts and filled holes on Second avenue, convict labor. Built fill at Misner branch on Ormond-Tomoka road, raising same to grade for bridge, using convict labor with teams donated by the people.

Built 600 feet of corduroy through slue on Holly Hill canal road, but have not finished road through hammock. Opened Ridgewood road between Holly Hill and Ormond, using tile in canal instead of bridge, but have not completed same.

Received stay rods and turn buckles for Smith creek draw bridge and have lumber and all other materials on hand to make necessary repairs. Have not been able to do the work, as it is impossible to close the bridge, which will have to be done before repairs can be made.

Pretty Luncheon Idea.

Fill a clear glass bowl such as is used for goldfish with carbonated water. In it place a bouquet of nasturtiums and their leaves. The escaping gas in the water creeps over each leaf and flower, making the whole seem covered with dew. It is a most refreshing bit of coolness on a hot day.

Would Consider.

A sporting member of parliament, who knew more about the race course than the house, was once asked, out of pure mischief, by one of his constituents if he would vote for the abolition of the decalogue. In vain the questioned one tried to solve in his mind what the object referred to was, as to him the decalogue might be anything from a regium donum grant to a settlement in the Straits of Malacca; but failing in this, and in order to sustain his own consistency, he replied: "I won't pledge myself, but I'll give it my consideration."

Nobody home but the furnace and that's full of hot air! Listen to this—here's a brand new idea worthy of Mrs. Pankhurst yet wasted upon the deaf ears of a man's world constructed and run especially for men. A suggestion has been made to arm all the women. (I think we need a paragraph here to allow the reader time to digest such information.)

Yes, I am going to hand it to you straight; the idea is to furnish every fair lady in Daytona with a gun with which to protect herself after dark. The originator of the idea claims a woman's scream is her only defense. Perhaps that's true and let us state right now, it's the best defense in the world. No, let's not stain the sidewalks of our city with unnecessary gore.

Suppose such a thing should become the fad; suppose each female should take to totting a gun after dark. Good night! The curfew for men would ring about sun-down and if three or four ladies got into an argument on a street corner about the trimming of a hat—well, they'd have Bunker Hill looking like a Sunday school picnic or a sham battle of the Salvation Army! On the whole, we advise allowing the hat-pin method of defense in preference. There's nothing more dangerous than a determined woman behind a determined hat pin.

If the ladies must go armed, let 'em carry water pistols loaded with ink. Can you conceive of a more horrible catastrophe than having your best frock ruined by a stream of ink from a belligerent?

Do you all know the new governor of Florida is a Baptist minister? Do you all know he refused to have a stick inserted in the punch at the inaugural ball? He even disapproved of the ball and refused to visit the scene, staying in his executive offices where the reception took place. But listen to this carefully, Governor Catts won't mind using a stick and a big one too, on the liquor dealers in the state who refuse to recognize the letter of the law. They say the governor's humor is of a very dry nature.

We came near running over a strange thing the other day, namely a woman plus an occupied baby carriage. Therefore we respectfully suggest that women pushing along their family heirs had better keep to the sidewalk instead of using the asphalt highway.

The real estate boosters have dandy sidewalks stretched through the scrub for miles where, if you should lamp a house you'd die of surprise, yet some women take a delight in running a perambulator bus-line in the street. Ladies, if the lives of your offsprings aren't valuable, baby carriages are!

THE SOCIETY EDITOR.

Her job no one wants on the newspaper staff.
We're positive sure that you will agree;
For she's greeted each morn with the Ha-ha laugh;
It's the woman that "handles" Society.

The staff says the job is a bob-tailed clench;
They think she's a regular high-life snob,
But between you and me if it came to a pinch,
There's not one that could handle her job.

She works o'er her desk, she puffs and she grunts,
To please every host and hostess in town;
She rushes around to cover the stunts,
And tries to remember each gown.

The sheet may misquote the president's speech,
May spell out his name with two Ls,
And no one will knock and no one will screech—
Not even society belles!

But just let the girl who handles high life
Misplace a hook or an eye,
In describing the gown of a citizen's wife,
And the town 'll condemn her to die.

Say the Browns and the Smiths and the Jones,
"What a shocking society page!"
While the high life editor sits back and groans,
For this is the truthful age.

Letters flock in 'till her office is hid;
She shivers to think of her bone-head stunt.
She has to admit that she really did
Put the hooks up the back instead of the front.

So ladies, don't blame the society dame;
Don't knock at her errors and sigh,
Remember your name and the height of your fame
Don't rest on a hook and eye.

If you think she's no good, don't give her the laugh.
Try to do it yourself and you'll see
It's H—l for the belle on a newspaper staff
To "handle" society.

Old Stonehenge.

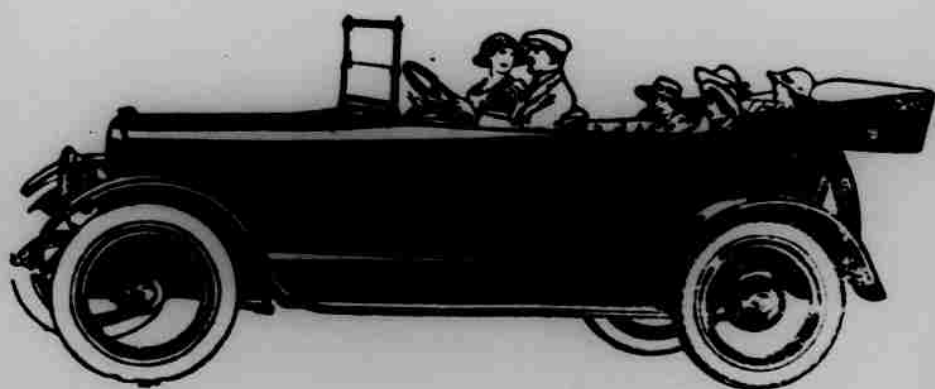

Stonehenge is nine miles north of Salisbury, in England. The name comes from the Saxon Stanhenge, or "Hanging Stones." They constitute the ruins of an ancient sanctuary. In the middle is the so-called altar—a slab of blue marble. Most of the larger stones are sandstone, the others are granite. Someone has said of Stonehenge that it is to England what the pyramids are to Egypt. Scientists have declared that the old castle belongs to an epoch nearly two thousand years before the birth of Christ.

NEGRESS, WANTED FOR EMBEZZLEM'T, CAUGHT

Sarah Yappe, a negress who has
been wanted for more than three years
on a charge of embezzlement at Tal-
lahassee, was arrested this morning in
Newtown by Chief of Police T. O. Mil-
ton and was placed in the city jail
to await the coming of Constable
Jackson Gray from the state capital.
Constable Gray has used his efforts
for many months to trace the woman
who departed, for unknown reasons
with a considerable sum of money that
had been trusted in her charge.
Through the aid of Chief Milton, the
constable located the woman in Day-
tona. He will arrive this afternoon to
take the negress to Tallahassee where
trial will be awaited.

LINEMAN FALLS FROM ELECTRIC LIGHT POLE

D. Lund, of Daytona Beach, line-
man of the Daytona Public Service
company fell this morning from a
telephone pole in front of the new
school building on South Ridgewood
avenue, about 30 feet to the ground
through carelessness in adjusting his
safety belt, breaking his arm in two
places. Officer Humphries and others
took the injured man immediately to
Klock's hospital where he was cared
for.

The accident was caused it is said
through Mr. Lund's carelessness and
through no fault of the Public Ser-
vice company. Each safety belt, used
by the linemen, has a snap which se-
cures the belt when the wearer reach-
es the top of the pole. Mr. Lund
merely failed to fasten this buckle as
it should have been to avoid the fall.
Mr. Lund lives with his family at
the home of his parents, Mr. and Mrs.
C. A. Lund, on Seabreeze avenue, Day-
tona Beach, and will probably go to
his home in a few days.
